EDITORIAL

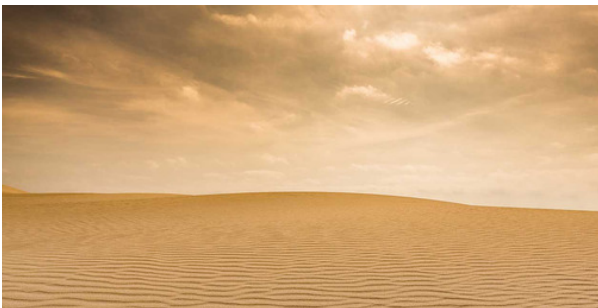

From the 30th of October, *Shanqa* keeps on exploring our connection with the four elements, especially water and earth. While enlarging the sensibility we have with the universe, we also widen our world within. More over, by opening up to Nature, we become more aware of the potential hidden in every human being as part of a totality. This new Issue will honor stones and water and the great lessons we can get from them. For we have much to learn from a rock and a river, from their beauty, from their energy.

Shanqa

CONCEPT

Shanqa is an online publication which displays artworks and introduces artists - musicians, dancers, photographers, painters and others. The selection is made according to the strong connection they have with nature, universe and cosmic energy.

EDITORIAL POLICY

The website itself has a meditative design and aims to give the users a sense of contemplation. The images of the desert are chosen for their spiritual dimension.

FOUNDER & CHIEF EDITOR

Stephanie Orace is Ph.D and teacher in Literature. Thanks to intensive philosophical readings and practices like taichi or yoga, she started to be aware of the power of words, sounds and images on our inner being. *Shanqa* was born from this very ideal: create a place to rise a positive energy and to balance the whole being.
